Kemetic Spirituality

- Communicating, Interacting and Living Powerfully With Creation

Kemetic Spirituality, with roots going back millions of years, is Africa's third oldest spiritual-religion system; has the world's first and oldest spiritual-religious writings; and is the primary source from whence White people plagiarized to create their pseudo-religious control systems.

TaNefer Ankh through **KemetWay**—the contemporary practice of the Kemetic 'Way of Life'—is restoring our connection to, and practice of **Kemetic Spirituality**.

TaNefer Ankh thru **Kemetic Spirituality** restores:

- African spiritual traditions and vision
- The Black Power Ministry
- Communion with the Ntru (life-forces)
- The Life-Center Spiritual Life

TaNefer Ankh thru **Kemetic Spirituality** rescues Black People from European-Arab-Asian and all foreign pseudo-religious control systems

Kemetic Spirituality and Religion

Spirituality is the conscious awareness of our connection to all of creation by way of spirit **Kemetic Spirituality** is Africa's third oldest spiritual/religious system with roots going back to our very first ancestors.

Kemetic Spirituality – one of four systems that makeup the Kemetic Way of Life—is the system for Communicating, Interacting and Living Powerfully with the 'Family of Creation'. It is ongoing thoughts, dialogue, and actions with all of Creation in celebrating, revering, improving and perpetuating life in all areas.

Through **Kemetic Spirituality** our Ancestors pursued Cosmic Order - alignment, harmony and perpetuation of Life, by following the leadership and guidance of the Neteru - the Creator, Elements and the Principle life forces. They practiced being responsible to follow the 'path of life' as set by the Neteru (life-forces). The Creator (Atum) mandated reverence and celebration of life. The Elements Neteru (life-forces) mandated respect for and sharing the life-dependant gifts – air, water, light, food, land, etc. The Principle Neteru (life-forces) mandated living a moral and harmonious life; that by so doing they would achieve spiritual harmony, balance and longevity; and receive their blessings—including abundance and prosperity, health and wellness, longevity and immortality.

The spiritual responsibility was to achieve and maintain harmony and respect with, and throughout the life-cycles – cosmic, solar, earth, and human—as determined by the Creator . To the **Cosmic Life Cycle** - encompassing all of Creation - they were to maintain the order of life—called Maat. To the **Solar Life Cycle** - governing the day-to-day existence - they were responsibility to align in harmony, and to respect the gifts received – light, energy, warmth, etc. To the **Earth Life Cycle** - governing the seasons and relationships and all life (including flora and fauna) - the responsibility was to live in harmony on the earth. To the **Human Life Cycle** - governing the 'path of life' - the responsibility was to respect, celebrate and revere the natural path of life from conception to transition.

Kemetic Spirituality provided access to powers of the Neteru (life-forces) enabling transformation of their lives and conditions to live powerfully. The Elements Neteru guided them in the way of technologies to generate abundance and prosperity in the way of food, resources and comfort. The Principle Neteru guided them in the way of moral alignment, harmony and balance enabling them to unite and work together to create and achieve abundance and prosperity, high culture, civilization, longevity and immortality.

Kemetic Spirituality and Religion

The Contemporary Practice of Kemetic Spirituality—KemetWay

KemetWay is the contemporary philosophy and practice of the 'Kemetic Way of Life'. It reconnects us to **Kemetic Spirituality** - including our ancestors, traditions, world-view, vision, and sacredness of life. Through **KemetWay** we revere and celebrate the Creator Atum (aka Amen, Amun, Amen-Ra, Het-Heru, Ptah) – the life-force that perpetuates life. We celebrate and revere the Higher Pdgt (the Elements life-forces that sustain Creation) - Ra-Sun, Shu-Air, Nu-Water, Nut-Atmosphere/Sky, Geb-Earth, TefNut-Cosmic Sky. We celebrate and revere the Lower Pdgt (the Principle life-forces that guide us in the 'Way of Life')— Maat-Cosmic Order, Ausar-Moral Law, Auset Unity-Bond, Heru-Force of Truth, Tehuti-Communication-Knowledge and Intelligence); and all of the other Neteru (life-forces).

Individually we practice **Kemetic Spirituality** by maintaining our spirit (Ka) and soul (Ba) in harmony with Ausar (moral law) and Maat (cosmic law). We do so by following '*Atum's Mandate*' - 'Respect, Celebrate, Revere and Perpetuate Life', and '*Ausar's Mandate*' –'Speak Truth and Do Good'. This is called living the '**Life-Centered Life**'. Doing so requires that we collectively support each to achieve our best in abilities. Living the '**Live-Centered Life**' ensures our well-being, longevity and immortality.

KemetWay provides religious organization and structure to our collective spiritual practices – including our ParAnkh – House of Life (religious-spiritual centers); life - cycle calendar; altars; festivals, rituals and ceremonies; Sba – spiritual and community leaders; , rituals and beliefs; institutions for practicing and teaching our 'body of knowledge' in classes, workshops, publications, retreats, lectures and more.

KemetWay through **Kemetic Spirituality** connects us to the 'Family of Creation – the Neteru (life-forces), Aku (ancestors), Unnu (life present) and Peret (life yet to come) enabling us to communicate, interact and live powerfully.

KemetWay through **Kemetic Spirituality** enables us to create a just, locally-empowered, globally focused, ecologically-integrated society just like the African civilization and society of our Kemetic Ancestors.

TaNefer Ankh through **KemetWay** restores the 'Way of Life' for African people and the world at large.
